Dear Ms. Richmond:

Enclosed you will find a copy of the Public Notice which announces the Environmental Protection Agency (EPA), Region VII office's intent to terminate Resource Conservation and Recovery Act interim status for Sporlan Valve Company of St. Louis, Missouri. It is our understanding, based upon your December 17, 1984 telephone conversation with Betti Harris of my staff, that you will publish the attached Public Notice at a cost of approximately \$50.00. The Public Notice is to be published in the January 2, 1985, edition.

Please forward to the Environmental Protection Agency (EPA), Region VII, State Programs Section, two copies of proof of publication of this Public Notice along with the Public Voucher for Advertising that is also enclosed, at your earliest convenience. We need these copies to document the fact that the EPA has met its obligation to notify the public of this proposed action.

Any questions regarding this Letter should be directed to Betti Harris at (816) 374-6534. Thank you in advance for your efforts in publishing this Public Notice and submitting the proof of publication and Public Voucher for Advertising to this EPA Regional Office.

Sincerely yours,

Chet McLaughlin  
Chief, State Program Section  
Waste Management Branch  
Air and Waste Management Division
